FLUID STORAGE CATALOGUE

Welcome to the MHM Group fluid storage catalogue.

The MHM Group have been supplying UK and Ireland rental businesses with safe fluid storage solutions machinery for many years.

Portable, stackable, site and road tow options are available, alongside an extensive line of pump kits.

MHM fluid storage products are **fully certified and compliant** with all current regulations. They have been designed and built exclusively for the rental markets, incorporating all the features and benefits that an end-user expects.

All MHM fluid storage solutions are delivered 'ready to work' and supported by **fully trained and experienced personnel**.

The MHM Group's manufacturing facility is based near Milan, Italy and has over 40 years' experience in producing a wide array of equipment for the global rental markets.

An extensive stock of fluid storage tanks are maintained in the UK ready for quick delivery.

Fuel Bowsers/Tanks

When looking for a robust, reliable, good quality transportable fuel storage tank suitable for fuel usage on and off site & connectable to both generators and heaters, look no further than our MHM Fluid Storage range.

Fuel Caddi-105

105 litre transportable & portable IBC fuel container

Optional extras

Fuel-SteelCube 450

450L Transportable Fuel Storage Tank

Optional extras

Fuel-SteelCube 950

950L Transportable Fuel Storage Tank

Optional extras

Features

- 105, 450 and 950 litre capacities available
- Suitable to store either diesel, HVO (Hydrotreated Vegetable Oil) or a mixture of both fuels
- Fully bunded base (110%)
- Stackable design*
- Lockable access/ storage hatch
- Flexible connectivity*
- Fork pockets + lifting eyes
- Protective galvanised framework & durable powder coated paint finish*/ Durable powder coated paint finish†
- Removable inner tank†
- Sized to transport across a truck bed & stackable for container handling*
- Small & portable wheelie-bin style design complete with handle + 2 x wheels†

Benefits

- Can be transported full of diesel
- Total flexibility in a modern environment
- To retain all spilt fluids
- Stack 2 high full or 3 empty for improved storage
- Storage available for various pump kits and generator or heater connection kit
- Able to supply up to 2 generators or heaters & refuel plant machinery at the same time
- Simple & easy manoeuvrability when full or empty
- Robust, long lasting & ready for work in any environment
- Easy access for maintenance & inspection
- Simple, effective & economical design to easily move via road transport & shipping
- Perfect for restricted access areas, such as doorways & lifts

- Solar Battery Maintenance Kit
- Fuel Level Telemetry

Fuel-SteelCube 3000

3000L transportable fuel storage tank

FULLY BUNDED

STACKABLE DESIGN

UK STANDARD APPROVED

HVO FUEL APPROVED

Optional extras

- Hand Pump, Hose & Nozzle
- 12V/24V Pump, Hose & Nozzle
- 230V Pump, Hose & Nozzle
- 110V Pump, Hose & Nozzle
- Petrol Pump
- Battery Kit
- Generator Connect Kit
- Heater Connect Kit
- Solar Battery Maintenance Kit
- Fuel Level Telemetry

Features

2000 and 3000 litre options available

Suitable to store either diesel, HVO (Hydrotreated Vegetable Oil) or a mixture of both fuels

Fully bundled base (110%)

Stackable design

Lockable access/ storage hatch

Flexible connectivity

Fork pockets + lifting eyes

Protective galvanised framework & durable powder coated paint finish

Removable inner tank

Sized to transport across a truck bed & stackable for container handling

Benefits

Can be transported full of diesel

Total flexibility in a modern environment

To retain all spilt fluids

Stack 2 high full or 3 empty for improved storage

Storage available for various pump kits and generator or heater connection kit

Able to supply up to 2 generators or heaters & refuel plant machinery at the same time

Simple & easy manoeuvrability when full or empty

Robust, long lasting & ready for work in any environment

Easy access for maintenance and inspection

Simple, effective & economical design to easily move via road transport & shipping

NOTE: Fuel-SteelCube 2000 & 3000 is pictured with 230V pump kit optional extra.

Additional Support

The MHM Group recognise that in the UK and Ireland hire markets managing a modern, up-to-date hire fleet is a key element in maintaining a competitive advantage.

Consequently, MHM have brought together two solutions that will help support all hire firms allowing them to offer the very latest equipment to their customers.

PART EXCHANGE

MHM resolve to take:

- ✓ Any Equipment
- ✓ Any Model
- ✓ Any Quantity
- ✓ Any Age
- ✓ Any Brand
- ✓ Any Condition

In part exchange for any equipment from the MHM range.

GUARANTEED BUY BACK

MHM will buy-back any equipment supplied by MHM whether it's:

- ✓ A Runner, fully working
- ✓ A Non-Runner, but complete
- ✓ A Spares or Repairs, incomplete, i.e. missing some parts
- ✓ With fixed price, 1 to 10 year payment facilities

Naturally, there are some terms and conditions attached to these options which will be fully explained before any agreements are entered into.

To find out more about these two unique choices **contact a MHM Group representative.**
